

# Motherfucker I Don't Care

## Murderdolls

Whao!

I hate your voice and I hate your face  
Exterminate you from the human race

Life's a joke and the joke is on you  
Hey you, it's true you suck, fuck you

I hope and pray every day  
I'll get the news that you passed away  
So take your life and turn it off  
Goodbye, so long get lost, fuck off

I don't care motherfucker

I don't care

I don't care motherfucker

Suicide's the only choice for you  
To see you death would be a dream come true

Slit your wrist and show God who's boss

Goodbye, so long get lost, fuck off

Why don't you do the whole world a favor?

Connect your throat to the nearest razor

Or do you need it spelled out for you

Well F U C K Y O U

I don't care motherfucker

I don't care

I don't care motherfucker

I don't care

I don't care motherfucker

I don't care

I don't care motherfucker

Motherfucker I don't care

Motherfucker I don't care

Motherfucker I don't care

Motherfucker I don't care

Motherfucker I don't care

Motherfucker I don't care

Motherfucker I don't care

Motherfucker

We don't care motherfucker

I don't care

We don't care motherfucker

I don't care

We don't care motherfucker

I don't care

We don't care motherfucker

I don't care

Fuck you motherfucker

Fuck you motherfucker

Fuck you motherfucker

Fuck you motherfucker

Fuck you motherfucker

Fuck you motherfucker

Fuck you motherfucker
