# The Prophecy

## Dream Evil

Through endless forests in the night I walked alone
And there I found the prophecy carved in stone:
"To find the cure for the man who is your lord,
Use the magic sword"So take your horse and ride it fast across the land
To find the city buried deep beneath the sand
Search for a man who can bless your heart with steel
It's the key to kill the beastThe ride is long, be brave and strong
You are the one, strong as the sunI'd give my life for my beliefs
I will stay strong against the wind
The time is right , I feel it strongIf you want the answers and you wanna know them now
You don't know where to turn cause they will bring you down
Listen to what I say and what I say is right
You see, I rule the nightYou've always been left out, you're always on the run
No matter how you've tried, you never saw the sun
Come with me now and you will not regret
Got to be quick or be deadThe ride is long, be brave and strong
You are the one, strong as the sunI'd give my life for my beliefs
I will stay strong against the wind
The time is right - i feel it strong
The prophecyHunting the dragon - to save our king
Searching for wizards - is not an easy thingI'd give my life for my beliefs
I will stay strong against the wind
The time is right- i feel it strong
The prophecy
