## Memphis Bleek

Yo, what's your problem Shorty  
Actin' all stink  
It's cool tho  
One yourself maWhy you mad and actin' uptight  
Girl, I know that somethin' ain't right  
Ain't no need for me to lie  
I think that you need dick in ya life  
Why you mad and actin' uptight  
Girl, I know that somethin' ain't right  
Ain't no need for me to lie  
I think that you need dick in ya lifeYo, ayo Bleek move through clubs twist up somethin', yeah  
A lil' hay, Memph not frontin'  
Then I sip a lil' army where are my momays  
Spread love that's how we do it in Marcy  
One of 'em actin' a lil' different  
What isn't she missin', what isn't she gettin', huh  
She need a nigga that break it any position  
If she take it like a pro ooh  
Let her go noYou might be somethin' to work wit  
Trust I'm not concerned wit him, I'm not your boyfriend  
Shit I'm just that nigga you call  
That'll dig up in the roots ma break you off  
And, I can't lie I'm just a nigga from the syy  
But I, been around a few whores before  
Either me or my boys tore it up before  
But I'm hopin' you not that type I'll put it in your life maWhy you mad and actin' uptight  
Girl, I know that somethin' ain't right  
Ain't no need for me to lie  
I think that you need dick in ya life  
Why you mad and actin' uptight  
Girl, I know that somethin' ain't right  
Ain't no need for me to lie  
I think that you need dick in ya lifeSome say off the liquor you could fuck all night  
But I say that ain't true you just be drunk all night  
It's me when I'm sober I can fuck all night  
Baby girl, if we sippin' we just drunk all night  
It's cool, first you gotta loose your attitude  
Invite your girls over let 'em meet my man murder  
We smoke, talk, get acquainted

It's get low so you know you gotta sing this Whatever happened tonight  
Trust it got to stay between us  
It never happened tonight so when they ask you  
Say you never seen us  
Then me and murder get ghost in the convertable  
We just came from fat burger we full  
That's how we do it in la from Marcy to Crenshaw  
The girls all balls, huh Why you mad and actin' uptight  
Girl, I know that somethin' ain't right  
Ain't no need for me to lie  
I think that you need dick in ya life  
Why you mad and actin' uptight  
Girl, I know that somethin' ain't right  
Ain't no need for me to lie  
I think that you need dick in ya life When your additude is gone  
You can hit me on my phone  
And maybe I'll come get you  
Get up and take you home  
Girl don't take too long  
Just like a dog I like to rome  
So when you need some dick  
Hit me on the hip and I'll do you that favor Listen, anytime you need me just holla  
I'll only hit it if it's tight and it's propa  
The snatch ups no problem  
Both of that head drop fitted caps, now a days they gotta  
You get it snatched you neva get it back  
Somethin' just ain't right you must ain't kill it right  
But, go ahead love just enjoy your night  
Get your man off your mind, you need me in your life that's right Why you mad and actin' uptight  
Girl, I know that somethin' ain't right  
Ain't no need for me to lie  
I think that you need dick in ya life  
Why you mad and actin' uptight  
Girl, I know that somethin' ain't right  
Ain't no need for me to lie  
I think that you need dick in ya life Why you mad and actin' uptight  
Girl, I know that somethin' ain't right  
Ain't no need for me to lie  
I think that you need dick in ya life  
Why you mad and actin' uptight  
Girl, I know that somethin' ain't right  
Ain't no need for me to lie  
I think that you need dick in ya life
