

Burn Out Drive Fast

Cali Swag District

Burn out, burn out burn out,
Burn out, burn out burn out
Burn out, burn out burn out,
Burn out, burn out burn out. It goes pedal to the medal
See me flyin' down the street
And if you really want some problems then I'm drivin' to the beat
My middle finger to police
And Imma make my music bounce
And you can never make it slow down
'Cause my shit is way too fast
Drive fast drive fast drive fast (Drive fast)
'Cause if you ain't first then you're last
Drive fast drive fast (drive fast) and if you're moving slow get the fuck up off the road Burn out, burn out burn
out,
Burn out, burn out burn out,
Burn out, burn out burn out,
Burn out, burn out burn out. I ain't Lost to a motherfucking Camaro yet I'll be flying round the city in a

And I ain't turning nothing out so if you niggas want to race me It goes pedal to the medal
See me flyin' down the street
And if you really want some problems then I'm drivin' to the beat
My middle finger to police
And Imma make my music bounce
And you can never make it slow down
'Cause my shit is way too fast
Drive fast drive fast drive fast (Drive fast)
'Cause if you ain't first then you're last
Drive fast drive fast (drive fast) and if you're moving slow get the fuck up off the road Burn out, burn out burn

Driving like a fool and I live right by a school all the girlys in your school
'Cause I bet you not a fan of that
15 inch kickers keep on kickin back but the nigga handle now
'Cause the whole on the wheel one hand on the
Got money on my mind and I gotta
'Cause I burn up deadly but the weather so cold like the pennies on the road. It goes pedal to the medal
See me flyin' down the street
And if you really want some problems then I'm drivin' to the beat
My middle finger to police
And Imma make my music bounce
And you can never make it slow down
'Cause my shit is way too fast
Drive fast drive fast drive fast (Drive fast)
'Cause if you ain't first then you're last
Drive fast drive fast (drive fast) and if you're moving slow get the fuck up off the road Burn out, burn out burn
