Satellites

SatellitesI wonder how clear it must look from there to here No obstruction, this selfish corruption All in this atmosphere

No fear, less tears, only time to catch my breath

I fail to inhale

Your love constricts my chestConfusion blinded me, mental and physically

And it's because of you that now I can see

So now I can run, I follow the son and ride on to Zion

And dance this last song of freedomBut only time will tell, if it's truly for real

Can't change your mind, all I know this is what I feel

Whether I'm wrong or right, please keep my life in sight

And never take you eyes off meAs I look up to the sky today

Well I can see you looking down on me

It brings a smile to my face again

S-S-SatelliteSatellites

SatellitesIt's truly one of a kind, like star shine

Beyond night time, are you there?

My eyes stare to find

Just what's behind this blind notion of mine

Is it genuine?

'Cause sometimes, it plays tricks with my mindSome call it asinine

But it's like love or hate, now is that real or fake?

Cause it's a real thin line, but that's your choice to make

The question at hand, help me understand is this your plan?

I think I can, can I think? Then I think I can

Because I won't break and I won't shakeWith lifted hands to this man, I'll stand in faith

I'll make it through, my trust in you

Close my eyes, make a wish, kiss the sky

Hey there, I see youShining light, shining light

Blinding light, blinding light

Shining light, shining light

Blinding light
