

# She's Got A Boyfriend Now

## Boys Like Girls

We were seventeen and invincible  
Had the world figured out and a girl on my shoulder  
Told me, "Everything's gonna be alright"  
Whoa oh  
And everything was gonna be alright  
Whoa oh Yeah, maybe we were in high school  
But you never see the ending when you're young and love pretending  
Singing, "Everything's gonna be alright"  
Whoa oh  
Everything was gonna be alright Buried her deep inside  
Stars stuck in my eyes Now she's got a boyfriend  
And I've got a rock band  
Cause nothing really ever goes the way it's planned  
Yea she's in Ohio  
And I'm on some back road  
Driving to the city and then, who knows?  
Cause that's all, she wrote Wish that I could turn this car around  
But she's got a boyfriend now And I took a trip out to LA  
For the girl with a smile that could take your breath away  
I'm thinking, everything's gonna be alright  
Whoa oh  
And everything was gonna be alright  
Whoa oh Maybe I thought I could sneak in  
And sweep her off her feet and go right back to Boston  
Thinking everything's goin' be alright  
Whoa oh  
And everything was gonna be alright These streets keep holding on  
But now she's so far gone Now she's got a boyfriend  
And I've got a rock band  
Cause nothing really ever goes the way it's planned  
Yeah, she's on the West Coast  
And I'm on some back road  
Driving to the city and then, who knows?  
Cause that's all, she wrote Wish that I could turn this car around  
But she's got a boyfriend now Take me back to you somehow  
With everything that I know now it's so hard  
I tore us apart Take me back to feeling like the world  
Would just keep dealing me the right cards  
Now you're just so far And I'm twenty-three and invincible

Got the world figured out and a bird on my shoulder  
Told me, "Everything's gonna be alright"  
Whoa oh  
And when is everything gonna be alright? And now she's got a boyfriend  
And I've got a rock band  
Cause nothing really ever goes the way it's planned  
Yeah, she's in Ohio  
And I'm on some back road  
Driving to the city and then, who knows?  
Cause that's all, she wrote I wish that I could turn this car around  
Cause there she goes  
I wish that I could press rewind somehow  
But she's got a boyfriend now Whoa Whoa (She's got a boyfriend now) Whoa Whoa (She's got a boyfriend  
now) Take your Take your Breath, breath, breath, breath, away Take your  
Take your  
Breath, breath, breath away (Now)
