

# Still Good

## Kenny Lattimore

If everyday could be like  
Waking up to your smile  
And tasting your sweets lips  
To put my day in motion  
But I don't always recognize you  
When you wear the pain you've been through  
And I compete against a past  
And learn it's more than an ocean I'm not afraid of work  
Even through the worst  
Baby I'm staying with you  
It's gonna be worth that I love you  
Everybody knows that it's still good  
(Life's been crazy, but I know baby)  
Baby it's so good  
(Good and bad times, cause you are mine)  
(Our love, our love) Is still good  
(Our love, our love) so good Sometimes I don't know how to steer it  
Can't really say that I've been fearless  
But we've got too much invested  
It's only fair that we're destined  
(I don't want nobody but you)  
(Big and strong when we go through)  
On the other hand you still know you've got my devotion I'm not afraid of work  
Even through the worst  
Baby I'm staying with you  
It's gonna be worth that I love you  
Everybody knows that it's still good  
(Life's been crazy, but I know baby)  
Baby it's so good  
(Good and bad times, cause you are mine)  
(Our love, our love) is still good  
(Our love, our love) so good It's been 10 years and I can't believe that my baby's home  
I can even recall the day that you came along  
All the years that we dated baby, then I made the call  
And I brought you a classic rock like the 80's songs  
We the unbreakable perfect couple, he made us strong  
Who would've ever predicted that I take a fall  
You could've packed up and taken off  
But instead you stuck with me through the greatest storm

And that's love, man the rain clouds  
Didn't have a rule 'till you thought of how we exchanged vows  
Yeah we faced trials, by the grace of God  
Still good, now great, now real talk I'm not afraid of work  
Even through the worst  
Baby I'm staying with you  
It's gonna be worth that I love you  
Everybody knows that it's still good  
(Life's been crazy, but I know baby)  
Baby it's so good  
(Good and bad times, cause you are mine)  
(Our love, our love) Is still good  
(Our love, our love) so good With the help of God  
Anybody with s\*\*\* can make it  
Don't give up on your husband  
Don't give up on your wife  
It's work, but it's worth it
