Venice

The Darling Buds

You broke down my walls
You burnt all my bridges
You played with my mind
You re-opened the stitchesYou got blood on your hands
There's blood in your kisses
I hate this so much
Now sleep with the fishesYou sold it all for the price of a kiss
You got rid of friendship and love
You're so selfish
You sold it all for the price of a kiss
You sold it all for the price of a kissI think you should know
The pain it's been causing
It seeps through my veins
And attacks without warningI was in the next room
While you were cavorting
I hate this so much
Don't lie and be boringYou sold this all for the price of a kiss
You got rid of friendship and love
You're so selfish
You sold it all for the price of a kiss
You sold it all for the price(guitar solo)You sold it all for the price of a kiss
You got rid of friendship and love
You're so selfish
You sold it all for the price of a kiss
You sold it all for the price of a kiss
