

Always, Then, & Now

[**Jay Brannan**](#)

I'll put the coffee on

You just rest

You've got healing to do

And when the pain is gone

We'll get you dressed

In something much less blueTill you laid eyes on me

I never dreamed I was someone who could be seen

And when you said you always get what you want

I thought who am I to intervene

It's your heart that keeps the beat

And it's your hand that spins the earth under my feet

Your laugh, it's plundering through... Sorry im done now
