

If This Is Love (Instrumental)

The Foreign Exchange

My love is gone with Yesterday
{My love is gone with Yesterday}
My love is gone with Yesterday
{My love is gone with Yesterday} We had a love for all seasons
At least it's how it used to be
There was no time, space or reason
More special to us than we My love continue to flourish
As a flower blooms in spring
Then you tried to play love for silly
But the loser is the fool
Who doesn't play love by the rules If she breaks your heart
I will send a robin to sing happy tunes for you
Cause I may not be around
To do the things I used to do
And if you awake to find you're lost
I will send a glad star to lead you on your way
Cause the love I felt inside
Has gone away with yesterday My love is gone with Yesterday
{My love is gone with Yesterday}
My love is gone with Yesterday
{My love is gone with Yesterday} There was a time when forever
Was common-place for me and you
Laughing, loving, sharing, caring
Seemed to be made just for us two But I kept on building the dream world
That I thought was you and I
Sorry, I'm sadly mistaken
Cause our castle in the sky
Has turned into a mere goodbye If she breaks your heart
I will send a robin to sing happy tunes for you
Cause I may not be around to do the things
I used to do
And if you awake to find you're lost
I will send a glad star to lead you on your way
Cause the love I felt inside
Has gone away with yesterday Cause the love I felt inside
Has gone away with yesterday Love is gone with yesterday
Love is gone with yesterday
Love is gone with yesterday
Love is gone with yesterday

Love is gone with yesterday
Love is gone with yesterday
Love is gone with yesterday
Love is gone with yesterday
