

How You've Grown

10,000 Maniacs

My how you've grown I remember that phrase
From my childhood days too, "Just wait and see"
I remember those words and how they chided me
 When patient was the hardest thing to be
Because we can't make up for the time that we've lost
 I must let these memories provide
No little girl can stop her world to wait for me I should have known
 At your age, in a string of days, the year is gone
But in that space of time it takes so long Because we can't make up
 For the time that we've lost
 I must let these memories provide
No little girl can stop her world to wait for me Every time we say goodbye
 You're frozen in my mind
 As the child that you'll never will be
 You never will be again I'll never be
Be more to you than a stranger could be Every time we say goodbye
 You're frozen in my mind
 As the child that you'll never will be
 You'll never will be again Every time we say goodbye
 You're frozen in my mind
 As the child that you'll never will be
 Will be again
