I Broke Up (sj)

Xiu Xiu

It was not posed
It messed me up
It was her recording herself
Whisper.
"What is it worth to me?"
Thinking one thought
The advice to be okay.
Break into childrens hospital
Cry it out.
"Dont fuck with me, dont fuck with me"And I broke up
without a note
And I broke up
Its a mess
Go go go go go
Away from here.
Food color poured out all over her shorts mixed with
I`ll make a gate you cannot pass
Taped to there loinclothes
A sign that says "Why us?"
Flip yourself off but erase it when someone sees you.
"This, this is the worst vacation ever, I am going to cut open your
forehead with a roofing shingle, Ohh Ohh"And I broke up
without a note
And I broke up
And I broke up
behind your house
And I broke up
