

# Ladybug Waltz

## Bif Naked

I crawl along, hang on the hem of your dress.

I'm holding on. Boy don't forget.

I'm a mess. I'm into you.

I pull myself up to your chinny-chin chin.

When I reach your mouth,  
you're gonna let me in.

I'm into you.

[Chorus]I'm a...

Baby ladybug. Baby ladybug.

I'm lost in your hair.

Can you feel me there?

Baby ladybug. Baby ladybug.

Well, I fly to heaven to come back,  
and land in your mouth.

I hide, in you, my little bug games.

Between your seams.

I call your name.

I'm into you.

[Chorus]Don't lose sight of me on the back of your neck.
