

# Racing In A (Bonus Edition)

## Steve Hackett

When I feel I'm over reacting  
And I'm trying too hard  
It might be that I need to  
Get out in the country  
My friendThere are many ways of seeking my fortune  
I don't really have to lose my mind  
On the highway (my) thoughts always racingAway to the sun  
No one's stopping me  
From lying around  
There's surely something to it allAway to the sun  
No one's stopping me  
From lying around  
There's surely something to  
Taking a friend  
I know that I can share  
Another day in the warm country air
