Strange Attractor

Elliott Sharp

Strange attractor
Strange, strange attractor
Strange attractor

Verse:
The light in your eyes
Well it's pulling me in
Yeah, it's pulling me in
A heart that's still speeding up
And it's coming again
Yeah it's coming again
How did it happen?
How did it come to this?
taking me over

Chorus:
It only comes in waves
And then it goes away
Well it must be chemical
Well it must be chemical
Well it must be chemical
Chemical
Chemical

Verse:
The light in your eyes
Well it's pulling me in
And it's pulling me in
Push your arms; lift them up
And it's coming again
Yeah, it's coming again
How did it happen?
How did it come to this?
taking me over

Chorus:
It only comes in waves
And then it goes away
Well it must be chemical
Well it must be chemical

Well it must be chemical
Chemical
Chemical
Chemical
Chemical

And somethings happening
It's like coming up for air
Breathe it in again

It only comes in waves
And then it goes away
Well it must be chemical
Well it must be chemical
Well it must be chemical
Chemical
Chemical
Yeah it must be chemical

Strange attractor
Strange, strange attractor
Strange attractor
Strange, strange attractor
