

# The Parade of Ashes

## Periphery

Constant is the parade of ashes  
Keep the distraction, bat those lashes  
Built up the monument to  
Built up the monument to break it down  
Concealing the intent of fascists  
Resurrect,  
Humanity has fallen by the way side  
Fuck your theories  
We are the way we are  
The violence is out of control  
If we paint the walls red,  
Murder the innocent  
We're digging us a deeper hole  
Catastrophic creations, oh  
Destroy, erase the masses  
Festering vessels line the caskets  
Built up the monument to  
Built up the monument to break it down  
Dissect the world to see what happens  
By the hands of man  
To have her death upon the sand, YEAH!  
Fuck your theories  
We are the way we are  
The violence is out of control  
If we paint the walls red,  
Murder the innocent  
We're digging us a deeper hole  
Catastrophic creations, oh  
Fuck your theories  
We are the way we are  
The violence is out of control  
If we paint the walls red,  
Murder the innocent  
We're digging us a deeper hole  
Catastrophic creations, oh  
Will the canvas we paint with our hands  
spill the blood of our youth innocent  
Faces cling at the light I made  
closer wreckage will seek to connect  
Will the canvas we paint with our hands  
spill the blood of our youth  
[?] Fuck your theories  
We are the way we are  
The violence is out of control  
If we paint the walls red,  
Murder the innocent  
We're digging us a deeper hole  
Catastrophic creations, oh  
Fuck your theories  
We are the way we are  
The violence is out of control  
If we paint the walls red,  
Murder the innocent  
We're digging us a deeper hole  
Catastrophic creations, oh  
Fuck your theories  
(The parade of ashes)  
We are the way we are

The violence is out of control  
(The parade of ashes)  
If we paint the walls red,  
(Hate those fucking ashes,)  
Murder the innocent  
We're digging us a deeper hole  
(The parade of ashes)  
Catastrophic creations, oh
