

Village Man

Travis

I don't wanna rock, baby, don't wanna rock
I just feel I'm stuck up against the clock
I don't really wanna rock tonight
I only wanna hold you tight I don't wanna roll, baby, don't wanna roll
I just feel I'm cold like I'm getting old
I don't really wanna roll tonight
I only wanna hold you tight
Please, please don't turn out the light Rock 'n' roll village man
Northern soul Peter Pan
Rock 'n' roll rocket man
Skater phase desperate Dan
Rock 'n' roll never sounded better I don't wanna be, baby, don't wanna be
I just feel it's me falling off the tree
I don't really wanna be tonight
I only wanna keep you right I don't wanna try, baby, don't wanna try
I just feel I'm dry trying to get by
I don't really wanna try tonight
I only wanna hold you tight
Please, please don't turn out the light Rock 'n' roll rocket man
Skater phase desperate Dan
Rock 'n' roll village man
Northern soul Peter Pan You can I don't wanna rock, baby, don't wanna rock
I just feel I'm stuck up against the clock
I don't really wanna rock tonight
I only wanna keep you right I don't wanna roll, baby, don't wanna roll
I just feel I'm cold like I'm getting old
I don't really wanna roll tonight
I only wanna hold you tight
Please, please don't turn out the light
