

Lonely in This Love (Stripped Version)

The Glass Child

VERSE

Kill the candles, they hurt my eyes
Getting cold, embrace the night
Always quiet in this house, memories of you Oh we love so easily
Endless possibilities
You bring out the best of me
So why am I alone? PRE-CHORUS

Suddenly I realise

You ain't gonna be mine
I am going blind for nothing at all.
I am going blind for something to hold on to
My tragedy is you CHORUS

Can you hear me calling?

I'm losing ground, drowned in the dark
This feels like falling

Give me a reason to why we're apart
oh I thought that we'd find a way and you'd make me stay
Can't you see I'm falling?

I'm falling lonely in this love

I feel so lonely in this love VERSE

I'm walking through this town each day

Observing, I've got so much to say,
but you can't hear me anyway

It's only real when it's shared with you How stupid, stupid could I be
If you find a love effortlessly

You should hold on tight with your life

But you're miles away and I'm tired of being alone CHORUS

Can you hear me calling?

I'm losing ground, drowned in the dark
This feels like falling

Give me a reason to why we're apart
oh I thought that we'd find a way and you'd make me stay
Can't you see I'm falling

I'm falling lonely in this love

I feel so lonely in this love MID

All I want is you

All I want is you

But you don't see what I'm going through
Spent my whole life building chains I lost for you

When this cathastrophy is through
all I know is you.CHORUS
Can't you hear me calling?
I'm losing ground, drowned in the dark
This feels like falling
Give me a reason to why we're apart
oh I thought that we'd find a way and you'd make me stay
Can't you see I'm falling
I'm falling lonely in this love
I feel so lonely in this love
