

Wake Up and Make Love With Me (Demo)

Ian Dury

I come awake
With the gift for womankind
You're still asleep
But the gift don't seem to mind
Rise on this occasion
Halfway up your back
Sliding down your body
Touching your behind
You look so self-possessed
I won't disturb your rest
Its lovely when you're sleeping
But wide awake is best
Ow, wake up and make love with me
Wake up and make love
Wake up and make love with me
I don't want to make you
Ill let the fancy take you
And you'll wake up and make love
You come awake
In a horny morning mood
And well have a proper wriggle
In the naughty, naked nude
Roll against my body
Get me where you want me
What happens next is private
Its also very rude
Ill go and get the post
And make some tea and toast
You have another sleep love
It's me that needs it most
Ow, wake up and make love with me
Wake up and make love
Wake up and make love with me
I don't want to make you
Ill let the fancy take you
And you'll wake up and make love
Wake up and make love with me
Wake up and make love
Wake up and make love with me
Wake up and make love
Wake up
Wake up
Wake up
