

The Comedown

Bring Me the Horizon

Here I am once again
Just like a pack of wolves
The skies were once paved in gold
Now they rain on us all

I made my bed so I'll lie in it
I dug my grave so I'll die in it

Tell all my friends I said goodbye
Clenched teeth and fluttering eyes
Can't go on like this

Tell all my friends I said goodbye
Clenched teeth and fluttering eyes
Can't go on like this

Just like the living dead (yeah)
I've got a taste for something
And I don't want it I just need it
And I can't believe that
It's getting harder just to feel alive
It's getting harder just to feel alive

Curtain close take a bow
I think we fooled all of them now
Who you are what you say
What you do each and every single day

I made my bed so I'll lie in it
I dug my grave so god help me die in it

Just like the living dead (yeah)
I've got a taste for something
And I don't want it I just need it
And I can't believe that

Just like the living dead (yeah)
I've got a taste for something
And I don't want it I just need it

And I can't believe that

And I dug my grave so I'll lie in it

Lie in it

Lie in it

I made my bed so I'll die in it

Die in it

I dug my grave

I dug my grave

I'd rather live than live forever

I'm knocking on death's door

But you're already dead

It's either now or fucking never

And that night we meant every word we said

All I can say

All I can say for sure is we're coming out tonight

All I can say for sure is we're coming out tonight

Just like the living dead

Just like the living dead

Just like the living dead

I've got a taste for something

And I don't want it I just need it

And I can't believe that

Just like the living dead (yeah)

I've got a taste for something

And I don't want it I just need it

And I can't believe that

Just like the living dead (yeah)

I've got a taste for something

And I don't want it I just need it

And I can't believe that

It's getting harder just to feel alive

It's getting harder just to feel alive
