Roller Coaster Ride

Eric Church

C'monA click clacking my heart keeps making an ominous sound
That chain keeps dragging me up just to drop me back down
I think I'm over the hump enough to see the other side
That's when another thought of you runs through my mindSince you had to go
I've been on a roller coaster ride
Up and down I go
Over you, about to lose my mind
It's out of control
Round and round, upside down and down upside
Since you had to go
I've been on a roller coaster ridePsychedelic trip, my stomach flips again and again
I'd love to get my ticket back but I'm locked in
A white knuckle grip hanging onto what's left of my life
I hate to think about to coming down when I'm up this highSince you had to go
I've been on a roller coaster ride
Up and down I go
Over you, about to lose my mind
Pain points his gun
And I hold my hands up high
Off the edge I go
On this roller coaster rideHang onSince you had to go
I've been on a roller coaster ride
Up and down I go
Over you, about to lose my mindIt's out of control
Round and round,
Upside down and down upside
Since you had to go
I've been on a roller coaster ride
