

Are You Really Real?

[Rick Nelson](#)

Are you really real?
Do you feel the same thing
That I do girl when I touch you girl? Am I just a fool to think
That you could ever love me
Like I love you, I really do? I walk in the room, I speak to you
And tell you that I love you girl
Its a lonely world Please dont walk away
Theres so much I meant to say
Thought youd like to know
I love you so Are you really mine?
Am I just someone for you
To pass the time away
Just another day? Are you really real?
Do you feel the same thing
That I do girl when I touch you girl?
