

Plans

Twin Forks

Cycle a chord or two,
Sitting out thinking of you
Scribble something down quick,
Trying to make the words stick
I'll be done a quarter of three,
Would you like to have a drink with me?
Gonna say some things when I get home,
Things I don't say in the microphone. Chorus:
I've got plans for you, oooh (x3)
I've got plans for you
I've got such big plans for you Should've heard my first set
Might have been my best yet
The second two were pretty loose,
Drifted off dreaming of you. Voice is a bit hoarse, throat is a touch sore.
Might have flubbed a few lines,
I've heard that no one really minds. Chorus:
I've got plans for you, oooh (x3)
I've got such big plans for you If we keep working we can make it out of this place,
I can keep on working for as long as it takes.
Cause I've got plans for you, oooh,
Cause I've got plans for you. If we keep working we can make it out of this place,
I can keep on working for as long as it takes,
Cause I've got plans for you, ooooh.
I've got plans for you.
I've got such big plans for you (x2) Cycle a chord or two, sitting around thinking of you.
Scribble something down quick, trying to make the words stick.
