

Night of the Chainsaw

Insane Clown Posse

PCP! Meth, mad anti-depression pills.
Everything spills into one pot,
on top of that I smoke rock,
I hear that shit but I wont stop.
Last time on the spot, choked a cop.
Stopped and had a Faygo soda pop.
In the back of my trunk, Chuck the chainsaw.
Usually chop wood, but that ain't all.
It's a bit strange, all up in your mid range.
Cut a hole in your head til I hit brains.
Left a cop in a pile while maybe.
It's the night of the chainsaw baby!!!!
Cut em up chuck(somebody)
Cut em up chuck (get bloody)
Cut em up chuck (go nutty)
You can't Calm Me down
You can't Calm me down
You can't calm me down
You can't calm me down
Petroleum, Inhale it and take a swig.
Eat my brains up, make my wig.
Killin time with no shirt homie!
I love it when the blood squirt on me.
Walked up to a house jabbed the door, and kicked it in my victim hid!
Stuck Chuck in the closet, and I could tell by the deposit, I got my target!
French poodle, stomped it limp noodle, revved Chuck up and stir the stroodle.
Guts on the lawn, fucks goin on?
Chainsaw Chuck til the break of dawn
Cut em up chuck(somebody)
Cut em up chuck (get bloody)
Cut em up chuck (go nutty)
You can't Calm Me down
You can't Calm me down
You can't calm me down
You can't calm me down
Bloody feet no shoes into a party
I wasn't invited But that bitch ignited
I screamed and laughed chopping fools in half
I stab in hack A mad love for jack smell that fuel

Here to machine Chucks a demon I must be dreaming
Bloody showers feel the power, we devour you Fucking cowards
A looney loose chuck full of juice begins no use I know no truth
Bitch yo noose about to see your own produce night of the chainsaw written by joe!

Cut em up chuck(somebody)
Cut em up chuck (get bloody)
Cut em up chuck (go nutty)
You can't Calm Me down
You can't Calm me down
You can't calm me down
You can't calm me down
