

# C'mon And Love Me

## Kiss

She's a dancer, a romancer  
I'm a Capricorn and she's a Cancer  
She saw my picture in a music magazine When she met me, said she'd get me  
Touched her hips and told me that she'd let me  
I took her hand, baby, this is what I said I said, "Baby, baby, don't you hesitate  
'Cause I just can't wait  
Lady, won't you take me down to my knees?  
You can do what you please  
Come on and love me "I'm a man, I'm no baby  
And you're lookin' every inch a lady  
You're good lookin' and you're lookin' like you should be good You were distant, now you're nearer  
I can feel your face inside the mirror  
The lights are out and I can feel you, baby, with my hand So baby, baby, don't you hesitate  
'Cause I just can't wait  
Lady, won't you take me down to my knees?  
You can do what you please  
Come on and love me Come on and love me  
Come on and love me  
Come on and love me Baby, baby, don't you hesitate  
'Cause I just can't wait  
Lady, won't you take me down to my knees  
You can do what you please  
Come on and love me Come on and love me  
Come on and love me  
Come on and love me
