

Here Today Gone Late Today

Frenzal Rhomb

Good to know that you've been had
Time to tell you that your like's so bad
You show no difference between camps
Not looking forward to those morning cramps
Here today gone late today
Here today gone late today
You're one fascinating type
It's so amazing how you read between the lines
The t.v. shows you what to do
But it can't tell you what it thinks of you
Here today gone late today
Here today gone late today
Here today gone late today
Here today gone late today
The politics you can replace
With looking for the truth in melrose place
Now you know that it's the best
To find the answers there in central park west
Here today gone late today
Here today gone late today
Here today gone late today
Here today gone late today
