

# The Only Way

## The Boogiemen Inc.

Calm down now baby  
The end of the journey's in sight  
You've travelled so far love  
Now all of the stars are aligned  
Say goodbye (I don't want to)  
Don't you fight (I don't want to)  
Leaving your life's no easy ride  
All the grief you gave  
All the love you made  
All your yesterdays  
Everything you were  
Will fade  
This is the only way

All the things you thought  
you came here for  
Everything you thought  
you knew for sure  
No meandering  
No more wondering  
Everything is true  
All the things you thought you had to say  
Everyone you left along the way  
So you gather how  
Nothing matters now that your time is through  
This is the only way
