

# Come Inside My Room

[Dave Hollister](#)

Come inside my room  
We can do whatever you'd like  
But girl make sure it's nasty and  
You gotta make sure it's tight  
Come inside my room  
Girl I hope you got it  
Gotta be nice and freaky if  
You want to swing with me  
When you get in my room girl  
I ain't trying to play  
'Cause you know my steelo  
I gets busy all damn day  
Night time is the best time  
'Cause the freaks come out at night  
So if you ain't freaky, baby  
This room for you ain't right
