

# The World We Live In

## The Killers

This is the world that we live in  
I feel myself get tired  
This is the world that we live in  
Well, maybe I was mistaken  
I heard a rumor that you quit this day and age  
Well, maybe I was mistaken  
Bless your body, bless your soul  
Pray for peace and self control  
I gotta believe it's worth it  
Without a victory I'm so sanctified and free  
Well, maybe I'm just mistaken  
Lesson learned  
And the wheels keep turning  
This is the world that we live in  
I can't take blame for two  
This is the world that we live in  
And maybe we'll make it through  
Bless your body, bless your soul  
Reel me in and cut my throat  
Underneath the waterfall  
Baby, we're still in this, oh, yeah  
This is the world that we live in  
I feel myself get tired  
This is the world that we live in  
I had a dream that I was falling down  
There's no next time, alone  
A storm wastes its water on me  
But my life was free  
I guess it's the world that we live in  
It's not too late for that  
This is the world that we live in  
And no, we can't go back  
This is the world that we live in  
I still want something real  
This is the world that we live in  
I know that we can heal over time  
This is the world that we live in  
This is the world that we live in
