Edith Frost

Ahhh... we'll snort with pleasure
Ahhh... we'll forego washing
We'll hold a holiday of love
I'm a green tree you're the air
I'll follow you there
I'll follow youEngulf me loverAhhh... we'll take a tumble
Ahhh... down in the gravel
I'll take your hand to lead me over
Hang our colors in the air
I wanna follow you there
I wanna follow youEngulf me lover
And loop me into blue
Enfold me loverAhhh... we'll taste the nectar
Ahhh... we'll share the bounty
I'll bear the cost of our defense
Never looking back again
I'm gonna follow you in
I wanna follow youEngulf me lover
And loop me into blue
Enfold me loverEnclose me lover
