Edith Frost

Ahhh... we'll snort with pleasure
Ahhh... we'll forego washing
We'll hold a holiday of love
I'm a green tree you're the air
I'll follow you there
I'll follow you Engulf me lover Ahhh... we'll take a tumble
Ahhh... down in the gravel
I'll take your hand to lead me over
Hang our colors in the air
I wanna follow you there
I wanna follow you Engulf me lover
And loop me into blue
Enfold me lover Ahhh... we'll taste the nectar
Ahhh... we'll share the bounty
I'll bear the cost of our defense
Never looking back again
I'm gonna follow you in
I wanna follow you Engulf me lover
And loop me into blue
Enfold me lover Enclose me lover
