

Reckless

Alabama

Let's roll the windows down, turn the radio up, let the wind blow
Through our hair, love is reckless, let's get reckless tonight
There ain't nothin' out here but a big ol' Texas sky
There's a red sun painted across the coming night
Well, your daddy's got plans for you and mine thinks I'm at school
They say it's reckless to chase a dream
But this town's got nothing for you and me
Let's roll the windows down, turn the radio up
Let the wind blow through our hair
There's a moon tonight and a road outside
Baby we're gettin' out of here
I could care less where it leads us
Love is reckless, let's get reckless tonight
Let's take my Thunderbird and leave tonight
I'll keep the pedal to the floor
Till we see the morning light
They can't live our lives for us
If we let them, we'll lose our love
And love dies hard in this Texas sun
I'd rather be reckless and on the run
Let's roll the windows down, turn the radio up
Let the wind blow through our hair
There's a moon tonight and a road outside
Baby we're gettin' out of here
I could care less where it leads us
Love is reckless, let's get reckless tonight
When you're crazy in love, you gotta take a chance
Burn the bridge and don't look back
Turn the radio up roll the windows down
Let the wind blow through our hair
There's a moon tonight and a road outside
Baby we're gettin' out of here
Roll the windows down, turn the radio up
Love is reckless, let's get reckless, let's get reckless
