

# Obliteration

## Mortician

End is here  
Death is near  
Genocide  
Time to die  
Nampalm falls  
Cities mauled  
Roaring fire  
Fills the skies  
Massive death  
Warheads wrath  
Human skin  
Dissolving  
Stench of flesh  
Billions dead  
None are left  
Rotting earth
