

# Sometimes Dancin'

## Brownstone

I never knew that  
You wanted me so bad  
Feelings now convert to love Can't look into your eyes  
I'm too afraid to see  
Where we might end up tonight Maybe it won't be so bad  
After all I've never had  
Loving where one moment's all it took Sometimes dancin'  
Can make you fall in love  
The way a body moves before your eyes Fancy movements  
Keep you dreamin' of  
All the little games you play at night Brownstone  
Comin' straight to attack ya  
B R O W N S T O N E  
Brownstone Got to be careful  
We just might be too close  
I don't know if that's so good We shared that moment  
And now it has to end  
Want to see you once again if I could Maybe it won't be so bad  
After all I've never had  
Loving where one moment's all it took Sometimes dancin'  
Can make you fall in love  
The way a body moves before your eyes Fancy movements  
Keep you dreamin' of  
All the little games you play at night Sometimes dancin'  
Can make you fall in love  
The way a body moves before your eyes Fancy movements  
Keep you dreamin' of  
All the little games you play at night When you dancing, boy, I make you go crazy  
Want you every mood to keep you daydreaming  
While you only have me body for one night  
Wanna make you move  
Wanna make you groove and you'll feel alright When you dancing, boy, I make you go crazy  
Want you every mood to keep you daydreaming  
While you only have me body for one night  
Wanna make you move  
Wanna make you groove and you'll feel alright Sometimes dancin'  
Can make you fall in love  
The way a body moves before your eyes Fancy movements  
Keep you dreamin' of

All the little games you play at night Sometimes dancin'  
Can make you fall in love  
The way a body moves before your eyes Fancy movements  
Keep you dreamin' of  
All the little games you play at night Sometimes dancin'  
Can make you fall in love  
The way a body moves before your eyes
