Attack In The Aftermath

Bolt Thrower

All is lost, survival is all that remains
Dying at will, there is no pain
Memories of hate run deep in my mind
Body's numb, no feelings toward mankindRuins fall, the war zone lies in decay
Wounded crawl, dying, lying they pray
Fallen dead row on row line the path
Streams of blood run thick in the aftermathFighting for life, defending yourself from the knights
The strong shall survive, the weak shall fall to their plight
Fight to the death or surrender to their wrath
Attacking in might, attack in the aftermath
