

Take My Breath Away

[Elliott Yamin](#)

Girl, when you do what you do to me
Everything is the way it should be
You make me feel like I'm living a dream
Tell me it's real 'Cause I'm telling you
You take my breath away
I swear to you
You take my breath away Girl, I've been waiting for you all my life
I see my soul when I look in your eyes
You've taken me completely by surprise
Tell me it's real 'Cause I'm telling you
You take my breath away
I swear to you
You take my breath away, yes, you do I'm speaking truth
You take my breath away
I swear to you
You take my breath away, yes, you do You don't have to promise me forever
All I'm asking you is for tonight
You need to take some time and see where this is going
Girl, it feels so right when we hold each other tight Oh yeah
Tell me it's real 'Cause I'm telling you
You take my breath away
I swear to you
You take my breath away Honest you do
You take my breath away
I'm speaking truth
You take my breath away I ain't lying to you
You take my breath away
I'm speaking truth
You take my breath away I swear to you
You take my breath away
Honestly you do
