

# Bridge

## High Highs

Went unto this country  
With a waking eye  
Oh the spark was on my neck,  
Was in my eye, eyeWent unto this substance  
At the river edge  
Oh the bridge was pulled back up  
Into the skyhow time did fly for you  
oh..once I lost my brother  
in the blink of an eye  
oh the wind was spawning  
held me up the whilewant to kiss and steal  
want to drink and bend  
oh pull me up beyond the river edgehow time did fly for you  
oh..
