## Come to Me

## **Otis Redding**

Come to me for I'm lonely Come to me for I'm lonely, darling Come to me and be my girl For I love, love you soCome to me forget the past Think of life we have ahead, my, my, my, my baby

Come to me and be my girl

For I love, love, love you so, oh nowDay are getting so lonely, yeah now

Life are getting so blue

Time has come for you and I

To get together and we'll make two, my, my, my, my babyCome to me for I'm begging Come to me for I'm begging, darling

Come to me and be my girl

For I love, love, love you so, yeahCome on now baby

Baby I'm down

Said, "I'm down my knees, oh"

I need me someone, now

Said, "I need some love"

Just to stand right by me, ohYou know that these arms of mine

They have been lonely, lonely so long

But I know, but I know, I know what my heart needs

I know, I know just what my heart needs
