Its My Life

Belushi

Refrain:
It's my life
I stand it all alone
Accept my way of living
I live it on my own
It's my life
I try to be so free
'cause freedom is the promise
Of my destiny
Oho ohoho
I'm never gonna give it up
Oho ohoho
I never ever lose my aim
Oho ohoho
I'm never gonna give it up
Accept my way of living
It's my life
I am dreaming in the sunshine
I dream of all the people I talked to in my lifetime
Different cultures, different nations
Happy people, lucky people feeling my vibrations
They just told me all the reasons
I have to find my own way, don't change it like the season
It's my life, I live it on my own
Welcome to dangerzone
It's my life
I stand it all alone
Accept my way of living
I live it on my own
It's my life
I try to be so free
'cause freedom is the promise
Of my destiny
Oho ohoho
I'm never gonna give it up
Oho ohoho
I never ever lose my aim
Oho ohoho
I'm never gonna give it up

Accept my way of living
It's my life(6x)
Like my mother is holding my hand
Whenever I'm alone, music is my best friend
You're my passion, we're together
Music is my life I wanna live with you forever
There's no limit, celebration
Everybody come and dance, feel the fascination
Like a Rolling Stone into the microphone
I live it on my own
It's my life
I stand it all alone
Accept my way of living
I live it on my own
It's my life
I try to be so free
'cause freedom is the promise
Of my destiny
Oho ohoho
I'm never gonna give it up
Oho ohoho
I never ever lose my aim
Oho ohoho
I'm never gonna give it up
Accept my way of living
It's my life
I am dreaming in the sunshine
I dream of all the people I talked to in my lifetime
Different cultures, different nations
Happy people, lucky people feeling my vibrations
They just told me all the reasons
I have to find my own way, don't change it like the season
It's my life, I live it on my own
Welcome to dangerzone
It's my life
I stand it all alone
Accept my way of living
I live it on my own
It's my life
I try to be so free
'cause freedom is the promise
Of my destiny
Oho ohoho
I'm never gonna give it up
Oho ohoho

I never ever lose my aim
Oho ohoho
I'm never gonna give it up
Accept my way of living
It's my life
