

# Same Direction

## Hoobastank

Whenever I step outside  
Somebody claims to see the light  
It seems to me that all of us have lost our patience 'Cause everyone thinks they're right  
And nobody thinks that there just might  
Be more than one road to our final destination But I'm not ever going to know  
If I'm right or wrong  
'Cause we're all going in the same direction And I'm not sure which way to go  
Because all along  
We've been going in the same direction I'm tired of playing games  
Of looking for someone else to blame  
For all the holes in answers that are clearly showing For something to fill the space  
Was all of the time I spent a waste  
'Cause so many choices point the same way I was going? But I'm not ever going to know  
If I'm right or wrong  
'Cause we're all going in the same direction And I'm not sure which way to go  
Because all along  
We've been going in the same direction Going in the same direction  
Same direction  
(Same direction) So why does there only have to be  
One correct philosophy?  
I don't want to go and follow you  
Just to end up like one of them And why are you always telling me  
What you want me to believe?  
I'd like to think that I can go my own way  
And meet you in the end  
Go my own way and meet you in the end I'm not ever gonna know  
If I'm right or wrong  
'Cause we're all going in the same direction And I'm not sure which way to go  
Because all along  
We've been going in the same direction Going in the same direction  
Going in the same direction  
Same direction  
(Same direction)
