

See You In Hell

Hellraiser

you wanna end up in the streets
you wanna be in misery
that's what you're getting for yourself
gotta, gotta, gotta, gotta
gotta shake me
gotta move out of here
'cos I know what I want
since the day I was born
get your ass out of this shit
and do it now
turn me loose I want to fuck
some deadly cunt I'm gonna try to make you see
don't let ya fuck around with me
I'd rather see you down in hell
gotta, gotta gotta, gotta
gotta shake me
gotta give me that feel
don't you pick up that phone
or you'll be dead and gone
get your ass out of this shit
don't screw around
twist me free I want to fuck some
bitching cunt they! you're under a spell
hate! see you in hell
gate! opened for you
wait! I'm following you you wanna end up in the streets
you wanna be w misery
that's what you're getting for yourself
gotta, gotta, gotta, gotta
gotta shake me
gotta move out of here
'cos I know what I want
since the day I was born
get your ass out of this shit
and do it now
turn me loose I want to fuck
some deadly cunt
