

# Chills

**Ben Lee**

Light another cigarette  
And maybe by the end of it you'll have changed  
Make a mental note to self  
To dig a deeper wishing well next year  
Still, you are the only thing I fear You give me chills (x3) Sentimental waking up or sleeping in a coffee cup  
It seems  
You're so high the sky is scared (?)  
And you're in my nightmares and my dreams  
Still you are the only thing I need You give me chills (x3)  
And then you leave me cold Still you are the only thing I feel
