

To Be Able To Love (Jonathan Peters Radio Edit)

[Jessica Folker](#)

I won't make a commitment to no
I can't let myself just go
It's not just I want to
My heart says no I'm sorry but I can't stay
I hope that you forgive me when I say [Chorus:]
Darling I don't have a hope for you right now
Somebody's playing with my mind
But all I'm dreaming of is to be able to love I can't give you no guarantee
If that's you want from me
I should have known better
But now you see I'm sorry but I can't stay
I hope that you forgive me when I say [Chorus] (But all I'm dreaming of is to be able to love) All I want is to treat
you right but I now I can't pretend
It will take just a little longer finding the key to love again Don't have a heart I need some time
It will take just a little longer to be able to love [Chorus (repeat)] Able to love
