Well take your best shot it's all that you've got
Won't quit with the pressure,
You know I'm never gonna be defeatedThis is a test, a wake up call
It's a mission to talk,
Shock to the heart blow to the head,
And a reason to fallThis is a test, a wake up call
It's a mission to talk,
Shock to the heart blow to the... head!This is a test, a wake up call
It's a mission to talk,
Shock to the heart blow to the head,
And a reason to fallThis is a test, a wake up call
It's a mission to talk,
Shock to the heart blow to the head
The head
The head
The head
