

# From Loving You

Mandy Moore

I had you, I had everything  
I ever needed  
From that first look I knew  
I'd found heaven in your eyes  
But who was to know  
The way it would go  
I have no regrets  
Glad I let you in  
Wouldn't have missed  
One single moment  
I would do it all over again 'Coz I was loved  
I was touched  
And I learned what love is  
And I learned what love is  
I was blessed, so blessed  
'Coz I learned what love is  
I learned what love is  
From loving you I held you, I held everything  
I ever dreamed of  
With that first kiss from you  
All this world seemed all so right  
But who was to see  
The way it would be  
I'll never forget  
All the heaven we shared  
An' I'll thank God for every moment  
Every moment that I had you there I was loved  
I was touched  
And I learned what love is  
And I learned what love is  
I was blessed, so blessed  
'Coz I learned what love is  
I learned what love is  
From loving you Some people search  
Their whole lives  
Never find what  
I found in your eyes  
Glad I got to get the chance  
To have you in my life

I won't be sad when I look back  
(Haa)  
'Coz I wasI was loved  
I was touched  
And I learned what love is  
And I learned what love is  
I was blessed, so blessed  
'Coz I learned what love is  
I learned what love is  
From loving youI learned what love is  
From loving you
