

Cloud 9

Sad Lovers and Giants

This is cloud 9 driving me
And it won't make much sense of what I see
When I'm rushing down the room
Or talking to a friend about the moon
So you don't want to touch down
Abandon flight
When the system is shut down on cloud 9
I don't get a reaction
I don't get a reaction
Just another distraction on cloud 9
This is straight man calling you
And he knows why he's straight and so do you
When they cut his body down
The planet crashed, the crew went underground
So you don't want to touch down
Abandon flight
When the system is shut down on cloud 9
I don't get a reaction
I don't get a reaction
Just another distraction on cloud 9
Just another distraction
Just another distraction
Just another distraction on cloud 9
