

# Spirit Walker

## Ween

Spirit walker, spirit walker  
Too much living on the fringe  
Please come in  
And sample my love  
Spirit walker, desunaura  
She's an eye from the sun  
Turns from the wind  
Feeling my burn from reaching within  
Messing around feelings  
Pouring the llama's milk and  
Pouring it through the sand  
Can it be all around us?  
Courting us with a kind word  
Words of a loud feelings  
I am alive with spirit  
I am alive with spirit  
The spirit  
Spirit walker, happy lifer  
Trying hard to find it all  
Sealing your fate  
Fate will allow a faith in a song  
Spirit walker, spirit walker  
Don't get me wrong  
I'd follow you down  
Just love me back and I will respond
