

Movement

Jamie Woon

Is it the way it is or the way it isn't right?
Do we ever arrive?
Is it the way that you get when the water tastes too dry
For the river inside? Like a song with a broken verse
But the melody's saved in you
La la la la la
We can make the meaning up
It's only a step at a time
If you don't know where you're walking to
Movement is the motivation tonight
Human with no destination in mind Is it in openness that a lonely man can find
What he ever denied?
Is it the way of the world if the world gets undermined
When you're living your life? Like a song with a broken verse
But the melody's saved in you
La la la la la
We can make the meaning up
It's only a step at a time
If you don't know where you're walking to
Movement is the motivation tonight
Human with no destination in mind
