Somebody To Love

Leighton Meester

Paris, France to Michigan
London town and through Berlin
I can't believe this place I'm in
Everywhere and back againPorcelain and China dolls
Give me one, I seen 'em all
Got my back against the wall
Wonder where I'll be tomorrow?But wait, now how long could this take?
It's hard to find a mate when you're gone before he wakes
They say it's hard to achieve
But can't a girl believe?Is there somebody who still believes in love?
I know you're out there
There's got to be somebody, I search around the world
But I can't seem to find somebody to loveBaby girl, there you at
Looking at me like a putty cat
Wondering where that thing is at
Wondering where your ring is atNobody ever did it quite like this
Nobody ever did it quite like you
Do your hair, I bought you shoes
We can hit the town like superstars doYou want love?
Then let me show you love
Give me the key to your heart
I can give you what you wantWhen you're waiting around
And you're lookin' for someone
I'ma turn you right to the way to a womanIs there somebody who still believes in love?
I know you're out there
There's got to be somebody, I search around the world
But I can't seem to find somebody to loveIs there somebody who still believes in love?
I know you're out there
There's got to be somebody, I search around the world
But I can't seem to find somebody to loveJe t'adore, je t'adore
Make a move, do the thing
Turn around, strike a poseJe t'adore, je t'adore
Make a move, do the thing
Turn around, strike a poseOoh, I like it
Ooh, I need it
Ooh, I want it
Hey, heyI know it's hard to achieve
But can't a girl believe?Is there somebody who still believes in love?
I know you're out there

There's got to be somebody, I search around the world
But I can't seem to find somebody to loveIs there somebody who still believes in love?
I know you're out there
There's got to be somebody, I search around the world
But I can't seem to find somebody to loveYou say hello, I say goodbye
Somebody to love
You say hello, I say goodbye
Somebody to loveAlright, somebody to love
Oh babe, somebody to love
Alright, somebody to love
