Last Dance (Coucheron Remix)

Dua Lipa

Fatal, this attraction,
Yeah we might just end up crashin'
But I'm ready if it happens with you
Meet me out in Cali when I'm far away from family,
and I need someone to hold ontoYou're the only thing I know
and I don't wanna let this go
Close to you are I feel, feel like I'm at home
Can't wait till we're aloneWe were built to last
We were built like that
Baby take my hand
Tighten this romance
We could burn and crash
We could take a chance
Holdin' nothing back
Like it's our LAST DANCE!
Like it's our LAST DANCE!
Like it's our LAST DANCE!My eyes wide open, fallin' in and out of focus
Pressure flowin' like a river in my head
Crying you ain't with me and it's floodin' the whole city
While my soul's burning like a cigaretteYou're the only thing I know
And I don't wanna let this go
Close to you are I feel, feel like I'm at home
Can't wait till we're aloneWe were built to last
We were built like that
Baby take my hand
Tighten this romance
We could burn and crash
We could take a chance
Holdin' nothin' back
Like it's our LAST DANCE!Like it's our LAST DANCE!
Like it's our LAST DANCE!
Like it's our LAST DANCE!
Like it's our LAST DANCE!Way too soon I feel so strong,
Way too young to hurt so long,
I'm hurtin'
Was it worth it?Way too soon I feel so strong,
Way too young to hurt so long,
I'm hurtin'
Was it worth it?Like it's our LAST DANCE!

Like it's our LAST DANCE!
Like it's our LAST DANCE!All for love
All for love
All for love
All for love
All for love
All for love
